

## ACCESSIBILITY IN THE BUILT ENVIRONMENT

1. We understand that there are nine library locations mentioned. Will the library provide any/all available architectural drawings for existing/built conditions for each of the locations? In addition, can you please including the following details for each?

The Library will provide and make available for review any available floor plans for our buildings to the selected consultant(s) once a contract has been executed and the project is underway.

- a. Branch name & physical address

Bainbridge Island: 1270 Madison Ave. N., Bainbridge Island, WA 98110

Year Built: 1962      Sq Ft: 15,500

Bremerton-MLK: 612 5th Street, Bremerton, WA 98337

Year Built: 1962      Sq Ft: 4,950

Bremerton – Sylvan Way: 1301 Sylvan Way, Bremerton, WA 98310

Year Built: 1977      Sq Ft: 35,000

Kingston: 26159 Dulay Rd. NE, Kingston, WA 98346

Year Built: 2016      Sq Ft: 5,200

Little Boston: 31980 Little Boston Road NE, Kingston, WA 98346

Year Built: 2007      Sq Ft: 2,735

Manchester: 8067 E. Main Street, Port Orchard, WA 98366

Year Built: 1980      Sq Ft: 2,800

Port Orchard: 87 Sidney Ave., Port Orchard, WA 98366

Year Built: ?      Sq Ft: 8,900

Poulsbo: 700 NE Lincoln Road, Poulsbo, WA 98370

Year Built: 1981      Sq Ft: 11,835

Silverdale: 3650 NW Anderson Hill Road, Suite 101, Silverdale, WA 98383

Year Built: 2022 (Major TI Completed)      Sq Ft: 11,000

- b. Project gross SF per building
- c. # of floors in buildings
- d. For any building with multiple floors, does the building have any elevators? If yes, how many?
- e. For each existing building, what year was it built? Year(s) and scope of any significant additions/alterations? Any historic classifications?
- f. Parking: # of spaces? Garage, covered, or open lot? If garage, below, at, or above grade? How many floors?
- g. Site size? Are there any other amenities located on the same site? If yes, would KPL like to include those amenities in the review?

Additional building and site data can be provided or garnered during the physical onsite inspections once a consultant is operating under contract.

- 2. We understand that two new facilities are proposed to replace two existing library locations. Will the library provide any/all available architectural drawings for each of the locations? In addition, can you please including the following details for each?

The Library will provide and make available for review any available floor plans for our buildings to the selected consultant(s) once a contract has been executed and the project is underway.

- a. For the architectural review of the new facilities, our recommendation would be to provide full document reviews for each. Is this aligned with your assumptions?

Yes, this aligns with our assumptions.

- b. Is there a construction timeline in mind for the new facilities?

The Port Orchard replacement building is currently in plan review with the appropriate governing agencies. Very little information is available on construction timeline at this time. The Sylvan Way replacement is in early planning phases and a project manager/owner's representative is being acquired to manage this project.

- c. Has a designer/architect/contractor been identified?

Port Orchard: yes

Sylvan Way: no

- d. What building code edition will be used?

e. What current phase and design % are these facilities in?

Port Orchard: 99-100%

Sylvan Way: 0%

f. Are these two new facilities new builds, TIs, or other? Are these two replacing two of the aforementioned nine facilities? If replacing, have the two existing facilities been identified?

New buildings. Port Orchard is on a new site. Sylvan Way will be on the existing site.

g. Branch name & physical address

h. Project gross SF per building

Plans will be made available to the contracted consultant.

i. # of floors in buildings

j. For any building with multiple floors, does the building have any elevators? If yes, how many?

k. If existing buildings, what is the year built? Year(s) and scope of any significant additions/alterations? Any historic classifications?

l. Parking: # of spaces? Garage, covered, or open lot? If garage, below, at, or above grade? How many floors?

m. Site size? Are there any other amenities located on the same site? If yes, would KPL like to include those amenities in the review?

3. Additional building and site data can be provided or garnered during the physical onsite inspections once a consultant is operating under contract.

4. Will the Project receive federal funding/assistance?

Unknown at this time

5. For Presentation of Findings, is this meeting expected to be held in person or virtually? What is the length of a typical board meeting?

The preference would be for in person presentation to the Board (if requested) and in person for Leadership Team but remote meeting is more easily accommodated for this meeting than the Board meeting.
